

DIRECTIONS TO ALMIRAL DE LA FONT FROM BARCELONA AIRPORT

Almiral de la Font is situated south of **Barcelona airport** and you will be driving along a motorway (**C-32**) to get there. The journey should not take more than 30-35 minutes.

Driving away from the airport, after only a few hundred meters, you will see above you directions to three destinations. You need to stay in the **left** hand lane and follow the blue signs for **Sitges** and **Tarragona (C-32)**. This will take you on a steep curve to your right and you will be on the **C-32 (E-15, AP-7)**. You will pass exits to **Gava, Sant Boi and Casteldefels** and some commercial and shopping centres to your right before you go through the **Garraf** tunnels. After approx. 20 minutes you reach a toll – a “péage” where you will pass through “manual” if paying the **5,07 Euros** in cash or “automatic” if paying by credit card.

Thereafter, you will pass through one more tunnel and come out at exits for north and central Sitges. You need to go past these exits before you exit the C-32 at **Junction 28** in direction “**Sant Pere de Ribes Est**”.

At the roundabout, take the **first exit right** to **Vilafranca** and **Olivella (C-15B)**. Stay **approx. 600m** on this highway before you take the **first** exit right which is signposted to **Olivella**. This exit climbs up a slope to a further roundabout. Take the **second exit right** at this roundabout to **Olivella**.

After approx. 500m, look for an unmade road to your **right** which goes up the hill and has at its entrance a sign for **Ca l'Almirall de la Font** (you will see further (green) signs along the way). It also has a sign for **Can Marcer/Can Plana** and a sign for **Can Lloses** restaurant. Climbing straight up this unmade road (approx. 300m), you will go past **Can Lloses** restaurant on your left. You will need to follow this road all the way to **Almiral de la Font** by continuing upwards for **approx. 2kms**.

After a swimming pool to your left do **not** be tempted to take the cul de sac (“**calle sin salida**”) signposted **Calle Almirall**. When you see the road fork giving you two options to go to “**Pineda Parc**”, keep to the **left**. You will see **Almiral de la Font** at the top of the hill and will see two large metal gates with two peacock shapes.

Welcome to Almirall de la Font !!!
